EDUCATION

- **Gyan ganga Institute of technology and science, Jabalpur** *2023-2025*
  Master of Computer Application CGPA: 7

- **Rani Durgavati Vishwavidhalaya, Jabalpur** *2018-2021*
  Bachelor of Computer Science Percentage: 62.9

PROJECTS

- **V-learning Portal**

  PHP, MySQL, HTML, CSS, JavaScript, Bootstrap

  Project Description
  - : A PHP and MySQL-based online learning platform that offers user registration, course management, quizzes, and certificates.

  Key Features:
  - User Authentication: Developed a secure user authentication system using PHP and MySQL, enabling users to register, login, and manage their profiles.
  - Database Design: Designed and optimized the MySQL database schema to handle user information, course data, quizzes, and certificates.
  - Responsive UI: Designed the front-end interface using HTML, CSS, Bootstrap, ensuring mobile responsiveness and an intuitive user experience.
  - Interactive Quizzes: Created interactive quizzes with real-time feedback for students, utilizing PHP to dynamically generate quiz questions and record answers.
  - Admin Panel: Developed an admin panel for managing users, courses, and site content, with role-based access control for administrators.

- **Sales Analysis**

  Power BI, Angular, MySql
  - Visualized complex data through advanced dashboard creation and detailed report generation, enhancing decision-making processes.
  - Embedded this dashboard in the angular web app using CI/CD pipeline (Azure).
  - Generated customized reports to fulfill various client requirements, ensuring precise and actionable insights.

TECHNICAL SKILLS AND INTERESTS

Languages: Python, HTML+CSS,SQL,PHP
Libraries : Jupyter Notebook, Pandas, NumPy
Softwere/Tools: VScode, Github
Frameworks: Django
Cloud/Databases:Microsoft Azure, SQL Database, Relational Database(MySQL)

Relevent Coursework
- Acquired skills in building responsive websites using HTML, CSS, JavaScript, PHP, and frameworks like Bootstrap and Django.
- Data cleaning and transforming, Data analysis and exploration, Creating data visualizations, Database Management System, Creating dashboards and reports.

Areas of Interest
- Data science: A field that focuses on extracting useful information from large datasets
- Programming languages: A field that focuses on writing and scripting codes in multiple programming languages

Soft Skills
Self-learning, Presentation,

CERTIFICATION

– **Essentials Of PowerBI** : Digisaksham (Microsoft)		*2022*
– **Microsoft Azure Administrator** : NetCom Learning (Microsoft)		*2021*
– **SQL Fundamentals**: Solo Learn		*2019*
